## Testimonial

*"I am an entrepreneur who is always in need of talented, self-motivated and outgoing staff. I have been working with Richmond Youth Service Agency's Job Options BC - Richmond/Ladner program to recruit new staff and have hired 5 employees for various roles including customer service, data entry, forklift operations, and other warehouse jobs. Every time I contact the program staff for my hiring needs, they go above and beyond to screen the best candidates, prepare them for workplace settings including providing them with specific training as per job requirements and are always available for support to me and their clients. They have also provided me with wage subsidy to help me with the initial training cost which is a huge benefit to any employer. The program staff go even further and assist me with the required paper work to ensure that the wage subsidy process is simple and easy to follow. I strongly recommend this program to any employer who is in need of hiring support from a very talented staff and innovative program".*
